### **MD Public Service Commission Joins Twitter**

(Baltimore)—The Public Service Commission is pleased to announce its participation in Twitter as a social media outlet, to expand its communications outreach with the public and key constituent groups. The Commission's "tweets" can be followed at <http://twitter.com/MarylandPSC>.

Followers will receive updates on schedules for Commission hearings, announcements of Orders, links to press releases, and other announcements. The Commission anticipates that consumers, media, regulated entities, and government officials will all benefit from this communications platform.

"Using social media such as Twitter is a natural progression in our overall communications plan," says Commission Chairman Douglas Nazarian. "We realize that not everyone is able to or wants to check the PSC website regularly, so this is a great tool that helps more people stay connected, more often."

The Commission joins more than 40 statewide agencies that have Twitter accounts. A link to the Twitter page can be found at the Commission's website, [www.psc.state.md.us](http://www.psc.state.md.us). Followers can view updates from a computer as well as receive messages on mobile devices.
