Re: Case No. 9446 – In The Matter of the Application of Sol Phoenix Solar LLC
for a Certificate of Public Convenience and Necessity to Construct a 2.5 MW
Solar Photovoltaic Generating Facility in Prince George's County, Maryland.

Dear Mr. Collins:

Enclosed for filing in the above-referenced case please find an original and 17 copies of the State's now fully-executed Secretarial letter, which contains minor additions of language, and therefore should be substituted for the original, and a clean and red-lined copy of PPRP's initial recommended licensing conditions. With the sole change consisting of minor edits to the condition addressing mowing of vegetation under the solar panels. Thank you.

Sincerely,

A handwritten signature in blue ink, reading "Steven M. Talson".

Steven M. Talson
Assistant Attorney General
